Like the wetlands.

*Benches to view?
Perhaps sponsored by local business
(small plaque on standard approved bench?)

Pond would be nice here
to attract ducks / other water fowl

Notices of information
about the wetlands
and watercourse (History?)
placed around all watercourse area?

Firs Farm wetlands

Plant suggestions from FoFF:

- Trees for the riverside (tree root systems can help to stabilize the soil, especially on slopes, and provide a variety of growing conditions).
Willows (Weeping, bay, pussy or crack willow). Osier is another willow which though not strictly native, has become naturalised. Its twigs are used in basket making (which might be of interest). Alder & Beech trees.
- Snowdrops on banks?
- Water lilies (abundance of colour) , Carex Pendula (Pendulous or Weeping Sedge), Bulllrushes, Nymphoides peltata (Water Fringe or Floating Heart), Aponogeton Distachyos (Water hawthorn)

Would like to see boulders / rocks in
and around stream.
Encourage all ages to buy into the watercourse

Can we get rid of the rarely used Rugby pitch for a play are for children? Take a look at these:
http://www.freeplaynetwork.org.uk/designforplay/principle03/dfp09.htm
http://www.freeplaynetwork.org.uk/designforplay/principle01/dfp03.htm
http://www.freeplaynetwork.org.uk/designforplay/dfp02.htm

*Bench
Like the Bridge here
*Benches

Danger walking though this part
by the water to get from this field to the next,
Would like ability to walk safely alongside
water for the length of the water course?
