

# Sky watching

The sky is amazing and always changing.

## How to sky watch

- Find a spot in the middle of the picnic field.
- If you don't like lying on the grass take a blanket big enough for you all to lie down.
- Lie with your heads in the centre so you will all see the same thing
- Watch the sky. Look out for clouds, birds, bees, even planes and helicopters

## Types of cloud

## Cloud shapes

# Sky watching

Animals you can see in the sky

Bumblebee

Swifts

Kestrel

Crows

Dragonfly
